Nayrouz Gasmi

Full Stack Engineer | Java/ Spring Boot, Angular

gasmi.nayrouz@esprit.tn +216 29 845 823 Tunisie linkedin.com/in/nairouz-gasmi

Summary

IT Engineer with 2 years of experience in full-stack development, software engineering, and system integration. Proficient in Go, Java/Spring Boot, React, Angular, TypeScript, Docker, SQL, and CI/CD, with a strong focus on building scalable applications and reliable software solutions.

Professional Experience

01/2026 – Present

Software Engineer / Full Stack Developer
VMD Solutions . React.js, TypeScript, Golang, TimescaleDB, Zitadel, Odoo 17
- Develops a commission management platform featuring automated objective extraction, remaining workload and commission calculations, mission planning, reporting, and client account management.
- Develops a satellite tracking platform using React, Go, TimescaleDB, and Zitadel, integrating XML data ingestion and processing through a data aggregation layer.
- Designs and secures high-performance, maintainable REST APIs.
- Develops and configures Odoo 17 modules, including custom reports.
- Contributes to code quality improvements, application performance, and software maintainability.

01/2025 – 12/2025

Software Engineer / Full Stack Developer
SMLTP . Spring Boot, Angular, API REST, CI/CD
- Designed, developed, and maintained full-stack web applications using Spring Boot and Angular.
- Integrated REST APIs and external SDKs to control and interface with biometric devices.
- Deployed applications on VPS servers and implemented CI/CD pipelines to automate deployments and improve delivery reliability.

02/2024 – 09/2024

Full Stack Developer Intern
Ooredoo Tunisia . Spring Boot, Angular, Spring Batch, Power BI, Jenkins
- Developed a data activity tracking platform using Spring Boot and Angular.
- Automated daily file imports with Spring Batch, reducing manual intervention by 90%.
- Designed and integrated Power BI dashboards into Angular for data monitoring and analysis.
- Implemented Jenkins CI/CD pipelines to automate application deployments.

Education

2024

National Engineering Diploma
ESPRIT, Private Graduate School of Engineering and Technology

2021

Degree in Software and Information Systems Engineering
ISSATM, Higher Institute of Applied and Technological Sciences of Mateur

2017

Bachelor's degree in computer science
Tabarka Road Secondary School

Projects

- **Sales Management Platform** — Developed and deployed a web-based sales platform used in a production environment. Spring Boot, Angular.
- **Cross-Platform Web Application** — Developed a full-stack application with a modular architecture and responsive user interface. Angular, Spring Boot.

Skills

- **Backend :** Java, Spring Boot (MVC, Data, Batch), Go, API REST
- **Frontend :** React.js, TypeScript, Angular, JavaScript, HTML, CSS
- **DevOps & Cloud :** Docker, Kubernetes, Jenkins, GitLab CI/CD, Terraform, Ansible
- **Outils :** Git, Git Flow, Pull / Merge Requests, Power BI
- **Monitoring :** Prometheus, Grafana
